INTRODUCTION

On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

You can easily change the formatting of selected text in the document text by choosing a look for the selected text from the Quick Styles gallery on the Home tab. You can also format text directly by using the other controls on the Home tab. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

This template consists of the following three sample sections:

Section 1	Add your text here…
Section 2	Add your text here…
Section 3	Add your text here…

SECTION 1: HELP US BY ACCREDITING!

If you find this report template helpful in preparing a report then please spread a word and appreciate us by **sharing** these awesome and free templates with others as much as you can so that many people will also take benefits of our great free resources.

Please remember that this template is for your **PERSONAL USE ONLY**. For any questions, please write to us at the following addresses:

Part 1: Your heading goes here

The heading above this paragraph is **"Level 2"** heading. Everything is formatted using predefined styles so instead of making any manual change in the formatting, you should modify the associated styles to let your changes effectively apply at every instance of that formatting.

Feel free to personally use this report template in any of your corporate or non-corporate work. This is more than a blank report template in Microsoft Word; this is a completely formatted layout for printing & publishing.

1. Design & layout

The heading above this paragraph is **"Level 3"** heading. The layout, design, formatting, automatic table of contents – just everything has already been included in the template and this is for your **Personal Use Only**.

2. Easy to modify with clean looking design

Even if you are not very good with Microsoft Word, still by using this template, you can make your report look professional. Either write your report from scratch or copy your existing content into the template, you'll definitely love it. Make sure you check the **"Navigation Pane"** to know about the different levels of headings and also check the **"Styles"** group for available styles.

Following is multi-list sample text:

1. **Both the Themes gallery** and the Quick Styles gallery provide reset commands so that you can always restore the look of your document to the original contained in your current template.

2. **You can also format text directly** by using the other controls on the Home tab. Most controls offer a choice of using the look from the current theme or using a format that you specify directly.

3. **To change the looks available in the Quick Style gallery**, use the Change Current Quick Style Set command. Both the Themes gallery and the Quick Styles gallery provide reset commands so that you can always restore the look of your document to the original contained in your current template.

    (a) On the Insert tab, the galleries include items
    (b) that are designed to coordinate with the overall look of your document
    (c) you can use these galleries to insert tables, headers, footers, lists, cover pages
    (d) and other document building blocks
